In the original article [1], the sentence “Ethics approval and consent to participate were obtained.” in the Methods section is erroneous and should be removed.

The correct Ethics approval and consent to participate statement is provided in the Back Matter.

“The study was approved by the Institutional Review Board of Etlik Zübeyde Hanim Women's Health, Training and Research Hospital (2020-07). As a retrospective study, the re-

quirement for informed consent was waived by the IRB.”
