In the original publication [1], the following citation issues were identified: Reference 13 was a duplicate of Reference 9, Reference 20 was a duplicate of Reference 16, and References 13 and 20 had weak relevance to the corresponding discussions in the article. The authors made the following corrections to this article:

Reference 13 should read:

[13] Mita S, Nakai A, Maeda S, Takeshita T. Prognostic significance of Ki-67 antigen immunostaining (MIB-1 monoclonal antibody) in ovarian cancer. *Journal of Nippon Medical School*. 2004; 71: 384–391.

Reference 20 should read:

[20] Gaglia G, Kabraji S, Rammos D, Dai Y, Verma A, Wang S, *et al*. Temporal and spatial topography of cell proliferation in cancer. *Nature Cell Biology*. 2022; 24: 316–326.

The authors confirm that these corrections do not affect the scientific conclusions or the overall validity of the article. The authors apologize for any inconvenience caused.
