

## Endometrial Cancer

- 1) **Pathology of endometrial carcinoma:** up-to-date integrated morpho-immunohistochemical and molecular classification
- 2) **Evidence based surgery** (mini-invasive vs laparotomy, sentinel nodes dissection vs lymphadenectomy, fertility sparing surgery)
- 3) **Adjuvant treatment: when and which one**
- 4) **Follow-up: Minimalist versus intensive**
- 5) **Living after cancer is not surviving to cancer: improving quality of life**
